

LTN subscriber wins latest book club book

Lake Tahoe News **subscriber** Davey Paiva is the lucky recipient of the next book being read for the LTN Book Club.

LTN started a book club this year as a way to get people reading and ideally participating in a discussion online via the comments.

Here is a **link** to the first book that was reviewed/discussed.

Susan Wood's review of "What Unites Us" by Dan Rather and Elliot Kirschner will be published Feb. 1. That is the book Paiva will be reading.
