

City's Program Will Provide Jobs & Specialized Training

THIS GRANT'S FOR YOU, CONTRACTORS!

The City successfully applied for and received a **\$1.5 million dollar** grant to eliminate lead and other hazards from local properties. Grant funds will provide local contractors with...

- Free EPA Certified Training for experienced Contractors who want work eliminating lead-based paint and hazards from local properties (all in the City).
- Funds to cover the cost of testing and removal of lead from local properties.
- Funds to cover the cost of repainting and repairing the home resulting in about 100 mid-size construction jobs over the next two-three years.
- Approximately 250 homes will be tested, 100 will be rehabilitated.
- Approximately \$800,000 in construction funding for these projects has been set aside.
