Dear Mr. Schultz, Mr. Green, Mr. Pierson and Ms. Bowen:

I am writing to challenge the eligibility of the four candidates running for the Fallen Leaf Lake Community Services District Board. The four candidates are: Thomas Barber, Wanda Kownacki, Thomas Bachetti and Michael Zanetell.

Based on the California Elections Code, a requirement to be eligible for candidacy is to be a registered voter in the District. These people are not domiciled in the Fallen Leaf District; and being domiciled in the District is one of the basic requirements for registration.

My wife and I registered in good faith to vote from our cabin at Fallen Leaf Lake in 199\_ and have conducted all of our voting within the Fallen Leaf District since that time.

Recently, we have discovered that our registration is most likely legally improper as the cabin does not qualify as our domicile.

However based on that knowledge, it is clear to me that none of these four individuals, with perhaps the exception of Mike Zanetell, could possibly be legally domiciled at Fallen Leaf; and thus not legally registered in the Fallen Leaf District. Therefore, if they cannot be legally registered at Fallen Leaf, they cannot be eligible as candidates for this special election August 31, 2010 or any election at Fallen Leaf.

Thank you for your attention to this matter. A response to this letter and a decision regarding this challenge is requested by the August 16, 2010 deadline for registration.

If a response is not possible by August 16, 2010, I hereby demand that the election be postponed until a determination of their eligibility can be made and appropriately published.

Respectfully,

Anonymous
