

Who?

Participants include local restaurants, cafes, bakeries, the Tap It Network, the Tahoe Water Suppliers Association, and the Drink Tahoe Tap Program.

What?

A free network for businesses and patrons in the Tahoe Basin that allows the guest to refill a reusable water bottle while visiting the business for a meal or snack. In return, for partnering with the Tap It network, the business owner will be added to the user network as a supporter, this includes online user resources at TapItWater.com as well as the smart phone application. All for free!

Where?

The Tap It network began in New York City and has spread nationally, gaining support in San Francisco, Portland, Chicago, and there is a group of businesses from Reno that have partnered with the network. Presently, the Tahoe Water Suppliers Association is promoting the support of the Tap It network on the North Shore in the Kings Beach and Incline Village communities. Local businesses that have become partners include Mamasake in Olympic Valley, Brockway Bakery, Sunshine Deli and Catering, Susie Scoops, China Wok, Crosby's Grill and Pub, BarBarBar, Bite Restaurant, and Austin's Restaurant.

When?

Now!!! There is no deadline and participation is completely voluntary. Businesses are signing up and being contacted daily.

Why?

The Tahoe Basin is a unique ecosystem that supports us by offering a superb source of drinking water. The network with your partnership helps promote the use of tap water rather than the use of plastic "one time use" water bottles, ultimately reducing the quantity of plastic making it into our landfills.

How?

Signing up is simple. Just email or fax the attached fax sheet to the provided number or email address. If you have any further questions reference partner materials at TapItWater.com, and/or contact Lauren Swanson by email lgs@ivgid.org or phone (775)832-1284.
