

The LTCC Friends of Ally Club and LTCC Counseling Department present:

My Queer Career

The Impact of LGBTQ Identity on Career Choice, Career Development and Career Success

Choosing, navigating, and establishing a career path is challenging for everyone. It is potentially even more challenging for individuals who identify as LGBTQ. Despite recent substantial gains in measures which promote equality, sexual minorities are still marginalized in some work places. Join us for this informative, affirming presentation and panel discussion exploring these important issues.
